  - \$220 million, one-time
  - All disciplines
- Wellness, Diverse Female Physicians

# Proposition 56

ARTICLE 2.5. California Healthcare, Research and Prevention Tobacco Tax Act of 2016 30130.57

(c) Moneys from the California Healthcare, Research and Prevention Tobacco Tax Act of 2016 Fund in the amount of forty million dollars (\$40,000,000) annually shall be used to provide funding to the University of California for the purpose and goal of increasing the number of primary care and emergency physicians trained in California. This goal shall be achieved by providing this funding to the University of California to sustain, retain, and expand graduate medical education programs to achieve the goal of increasing the number of primary care and emergency physicians in the State of California based on demonstrated workforce needs and priorities.

- (1) For the purposes of this subdivision, “primary care” means internal medicine, family medicine, obstetrics/gynecology, and pediatrics.
- (2) Funding shall be prioritized for direct graduate medical education costs for programs serving medically underserved areas and populations.
- (3) For the purposes of this subdivision, all allopathic and osteopathic residency programs accredited by federally recognized accrediting organizations and located in California shall be eligible to apply to receive funding to support resident education in California.
- (4) The University of California shall annually review physician shortages by specialty across the state and by region. Based on this review, to the extent that there are demonstrated state or regional shortages of nonprimary care physicians, funds may be used to expand graduate medical education programs that are intended to address such shortages.

# CalMedForce January 2019 Stats

| Discipline Type    | # Apps Submitted | # Residents | Total Amt Requested  |
|--------------------|------------------|-------------|----------------------|
| Family Medicine    | 59               | 272         | \$64,440,000         |
| Internal Medicine  | 28               | 125         | \$29,540,500         |
| Ob Gyn             | 15               | 66          | \$20,320,000         |
| Pediatrics         | 14               | 67          | \$15,755,000         |
| Emergency Medicine | 15               | 64          | \$17,880,000         |
|                    |                  |             |                      |
| <b>Totals</b>      | <b>131</b>       | <b>594</b>  | <b>\$147,935,500</b> |
