

Office of Statewide Health Planning and Development

Assembly Bill 1810 (2018)
Health Care Cost Transparency Database (or APCD)
Healthcare Payments Data Program

February 2019

The OSHPD Mission

OSHPD advances safe, quality healthcare environments through innovative and responsive services and information that:

- Ensure safe facilities
- Finance emerging needs
- Cultivate a dynamic workforce
- **Support informed decisions**

Healthcare Data Programs

- Building safety and hospital construction
- Healthcare workforce and shortage areas
- Patient and facility services utilization
- Healthcare quality
 - Risk-adjusted outcome studies, safety and prevention indicators, readmission rates
- Cost transparency
 - Financial statements, community benefit plans, chargemasters, discount payment policies, prescription drug cost information (SB 17)

Assembly Bill 1810

Healthcare Payments Data

- AB 1810 provides a one-time \$60 million GF appropriation to OSHPD
- Major provisions:
 - Convene a Review Committee
 - Develop a Legislative Report by July 2020
- CHHS Agency previously prepared a technical feasibility report (SB 1159, 2016)

Report to the Legislature

- Purpose of use and use cases to assist in prioritizing data program development
- Types of data and who should be required to report data
- Privacy and security
- Existing and available technology, systems, and data that can be leveraged
- Additional legislation needed
- A plan for long-term, non-General Fund financing
- Governance
- Requirements for data linkage and mapping to other datasets, including public health datasets

OSHPD Data Program Goals

- Engage audiences around OSHPD data analytics
- Leverage and evolve data management platforms
- Expand healthcare **cost and quality** reporting
 - Patient and facility services utilization
 - Outcome studies, patient safety and prevention indicators, readmission rates, other quality measures
 - Financial statements, community benefit plans, Chargemasters, discount payment policies
 - Prescription drug cost information
 - Other CHHS partner datasets
 - *Healthcare payments data*
