MEDI-CAL

Figure 7. Medi-Cal Enrollment by Managed Care Model and Fee-for-Service (FFS), 2020

Orange County operates a County Organized Health System.⁹

Medi-Cal Enrollment is expected to increase by 2 MILLION ENROLLEES due to the COVID-19 Pandemic.¹⁰
NOTES
All decimals rounded to nearest tenth.

9. In the Two-Plan Model, one county-organized, local initiative public health plan and a commercial plan deliver most Medi-Cal services in the county. A County Organized Health System (COHS) is a county-wide, public health plan originally organized by the county to serve all Medi-Cal beneficiaries. In the Regional Model, at least two commercial plans provide most Medi-Cal services in 20 primarily rural counties. In the Geographic Managed Care Model, the state chooses multiple commercial plans to deliver most Medi-Cal services in the county.

About ITUP

Insure the Uninsured Project (ITUP) is a Sacramento-based nonprofit health policy institute that for more than two decades has provided expert analysis and facilitated convenings for California policymakers and decisionmakers focused on health reform. The mission of ITUP is to promote innovative and workable policy solutions that expand health care access and improve the health of Californians, through policy-focused research and broad-based stakeholder engagement.
