# ITUP Mission & Vision

## Mission

ITUP's mission is to promote innovative and workable policy solutions that expand health care access and improve the health of all Californians. ITUP implements its mission through policy-focused research and broad-based stakeholder engagement.

## Vision

ITUP believes that all Californians should have a fair opportunity to live their healthiest lives.

# ITUP Values

## ITUP Seeks a Health Care System that is:

**Universal** – All Californians are eligible for comprehensive health coverage and services, including primary, specialty, behavioral, oral, and vision health services, as well as services that address the social determinants of health.

**Equitable** – All Californians receive health care coverage, treatment, and services that address the social determinants of health regardless of health status, age, ability, income, language, race, ethnicity, gender identity, sexual orientation, immigration status, and geographic region.

**Accessible** – All Californians have access to coverage options and services that are available, timely, and appropriate.

**Effective** – Health, health care, and related services that address the social determinants of health are person-centered, value-based, coordinated, and high-quality.

**Affordable** – Coverage and services are affordable for consumers at the point of purchase and care; and, at the health system level for public and private purchasers

# **TODAY'S FOCUS:**

## **Enhanced Care Management and Community Support Services**

# Enhanced Care Management (ECM)

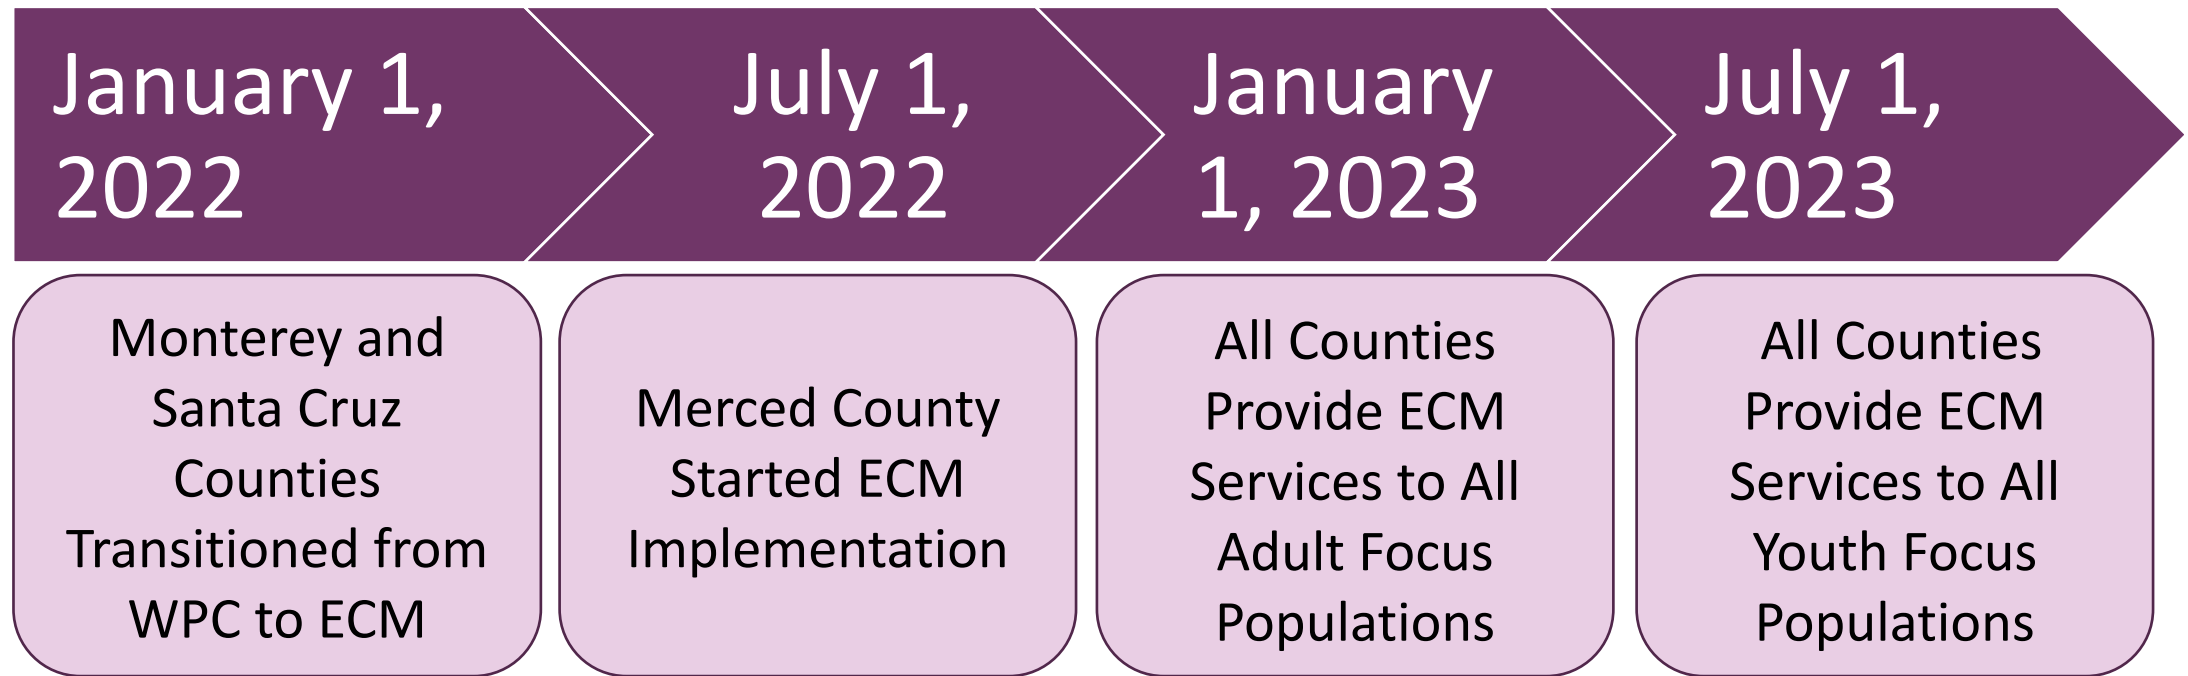

- ECM
  - Medi-Cal Benefit for Focus Populations
  - Coordinates Complex Care and Services
  - Provides Services to Enrollees in Non-Traditional Settings, including:
    - Street Medicine
    - Shelters
    - Home

## Focus Populations of ECM

- Individuals Experiencing Homelessness
- High Utilizers of Care
- Individuals Transitioning to the Community from Incarceration
- Foster Youth
- Individuals with Serious Mental Illness or Substance Use Disorder
- Individuals at Risk of Institutionalization

# ECM Implementation Timeline

# Community Support (CS) Services

- [CS](#) Services
  - CS are non-Health Care Services provided in place of Traditional Health Care Services to improve a person's health
  - State Department of Health Care Services (DHCS) Pre-Approved 14 CS Services
  - Services are Provided by Medi-Cal Managed Care Plans (MCPs)
    - MCPs Decide:
      - Which CS are Available
      - Whether or Not Members Qualify to Receive CS Services
      - Which Providers Administer the Services
  - NOTE: MCPs may cover all or only some of the 14 CS, and it varies by county and by health plan
  - CS are Available to Qualifying Medi-Cal Members by Referral

# Community Supports Currently Offered

## **Offered in Monterey, Merced, and Santa Cruz Counties:**

- Housing Transition/Navigation
- Housing Deposit
- Housing Tenancy & Sustaining Services
- Short-Term Post-Hospitalization Housing
- Recuperative Care (Medical Respite)
- Medically-Supportive Food/Meals/Medically Tailored Meals
- Sobering Centers (Not Offered in Santa Cruz)
- Environmental Accessibility Adaptations (Offered in 2023)

## **Other CS Offered in Medi-Cal (not currently offered in Monterey, Merced, and Santa Cruz Counties):**

# Lessons Learned from the Central Coast and the Central Valley

## **Central Valley Counties:**

Fresno, Inyo, Kern, Kings,  
Madera, Mariposa, Merced,  
Mono, San Joaquin,  
Stanislaus, Tulare, Tuolumne

## **Challenges Identified:**

- Operational Capacity Varies Across Counties
- Communication from State and Others is Overwhelming and County Partners Need More In-Depth Guidance
- Medi-Cal Contracting for CBOs is Difficult
  - Transitioning from Grant-Based Funding to Medi-Cal Funding

## **Successful Insights:**

- Target Technical Assistance Toward Non-Pilot Counties
- Create Avenues for Active Communication Among On-the-Ground Partners

## **Central Coast Counties:**

San Benito, San Luis Obispo, Santa Barbara,  
Santa Cruz, Monterey, Ventura

# Why are CBOs Important for the Success of CalAIM?

# Roles of CBOs in CalAIM

# Enhanced Care Management (ECM) and Community Supports Provider Information

# CalAIM ECM and Community Supports **Background**

CalAIM is a multi-year DHCS initiative to improve the quality of life and health outcomes for Medi-Cal beneficiaries by implementing broad delivery system, program, and payment reforms.

 Enhanced Care Management (ECM)	 Community Supports
<ul style="list-style-type: none"><li>• The ECM benefit will provide intensive whole-person care management and coordination to help address the clinical and nonclinical needs of Medi-Cal MCP's highest risk members. □</li><li>• MCPs will and oversee ECM benefits, identify target populations and assign them to ECM Providers who will be responsible for conducting outreach and coordinating and managing care across physical, behavioral and social service providers.</li><li>• ECM services will be community-based with high-touch, on-the ground, face-to-face, and frequent interactions between members and ECM Providers.</li></ul>	<ul style="list-style-type: none"><li>• Community Supports are cost-effective, health-supporting and typically non-medical activities that may substitute for State Plan-covered services.</li><li>• DHCS plans to authorize 14 Community Supports categories, including housing transition and navigation services, respite care, day habilitation programs, and nursing facility transition support to Assisted Living Facilities or a home.</li><li>• Optional to MCPs - Highly encouraged by DHCS</li></ul>

# ECM Program for the Alliance

## The Alliance's role is to ensure:

- Benefit administered in compliance with DHCS requirements
  - Data sharing
  - State reporting
  - Member outcomes/documentation
- Provider payments are maximized to support adequate network
- Improvement in service delivery (volume and quality)
- Execution of an individualized person centered approach for all populations of focus

# Provider Roles and Responsibilities

# Provider Qualifications

- ❑ Ability to accept referrals for services authorized by Plan
- ❑ Experience providing service to Medi-Cal population
- ❑ Ability to submit claims or invoices for services
- ❑ Possess a National Provider Identifier (NPI) number
- ❑ Proof of insurance coverage

# ECM/Community Supports Entities

Let the Alliance know by email ([ECMILOSPprogram@ccah-alliance.org](mailto:ECMILOSPprogram@ccah-alliance.org)) that you are interested in next steps; expect a follow-up questionnaire

The Alliance assesses ECM or Community Supports organizational readiness based off additional information obtained

The Alliance will initiate contracting/credentialing activities with those who decide to proceed and for whom the Alliance has confirmed readiness

- ECM and Community Supports programs require significant investments in care management capabilities, community supports infrastructure, information technology and data exchange, and workforce capacity at the provider level.
- **CalAIM Incentive Payment Program (IPP)**
- **PATH Cited Funding**

# Referrals- **Getting Services to People**

- No wrong door approach
- Types of Referrals
  - Provider Referral Form
  - Member Referral Form
  - Call ECM line
- Referrals can be initiated by:
  - Contracted Providers
  - Non-contracted providers
  - Members
  - Family

**12- women bed's**  
**20- men beds**  
**14 beds-Sobering Center**

**14 full and part-time  
staff**

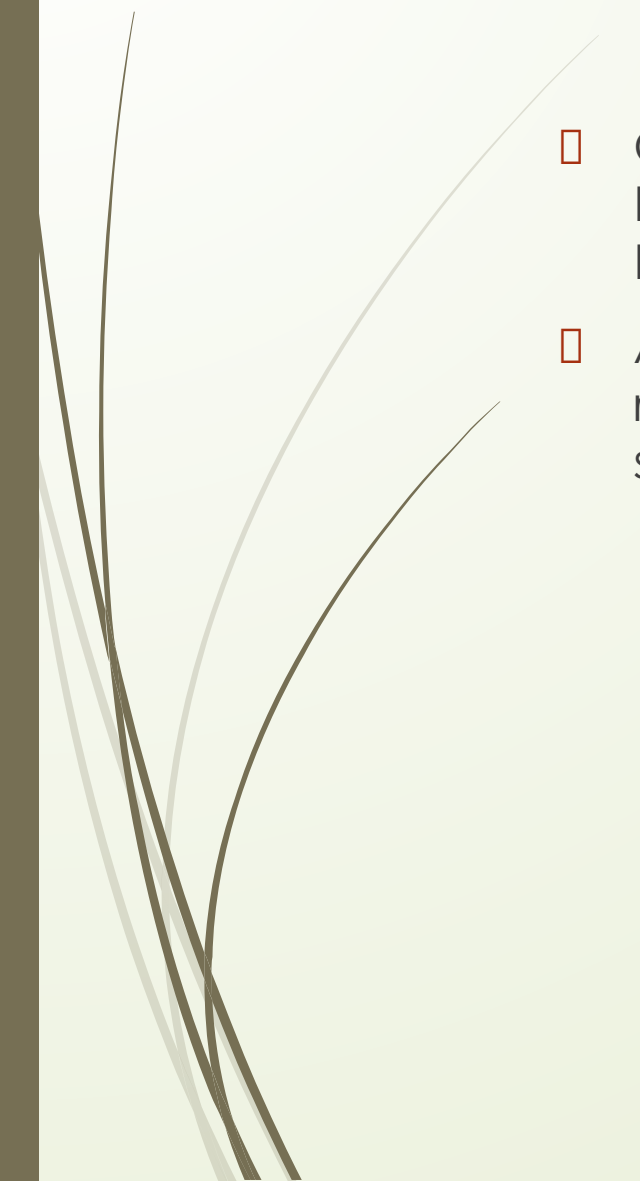

# Who we are....

- ❑ The HOPE Respite Care Program is a division of the Merced County Rescue Mission.
  - ❑ Our Mission is to provide hope, medical and life support services to people without housing in Merced County.
  - ❑ Mission Merced Respite Program started in 2015 with 1 house and 10 beds. In 2019 the program expanded to 2 houses and a total of 20 beds.
  - ❑ In March 2021 the Hope Respite Program became a pilot RCP program partnering with Central California Alliance for Health.
  - ❑ On March 2022, the Hope Respite Program moved into its new facility and increased to 32 beds capacity
  - ❑ July 1<sup>st</sup>, 2022 the Hope Respite Program transferred to the CalAim Program as an ECM/CS provider.
- 

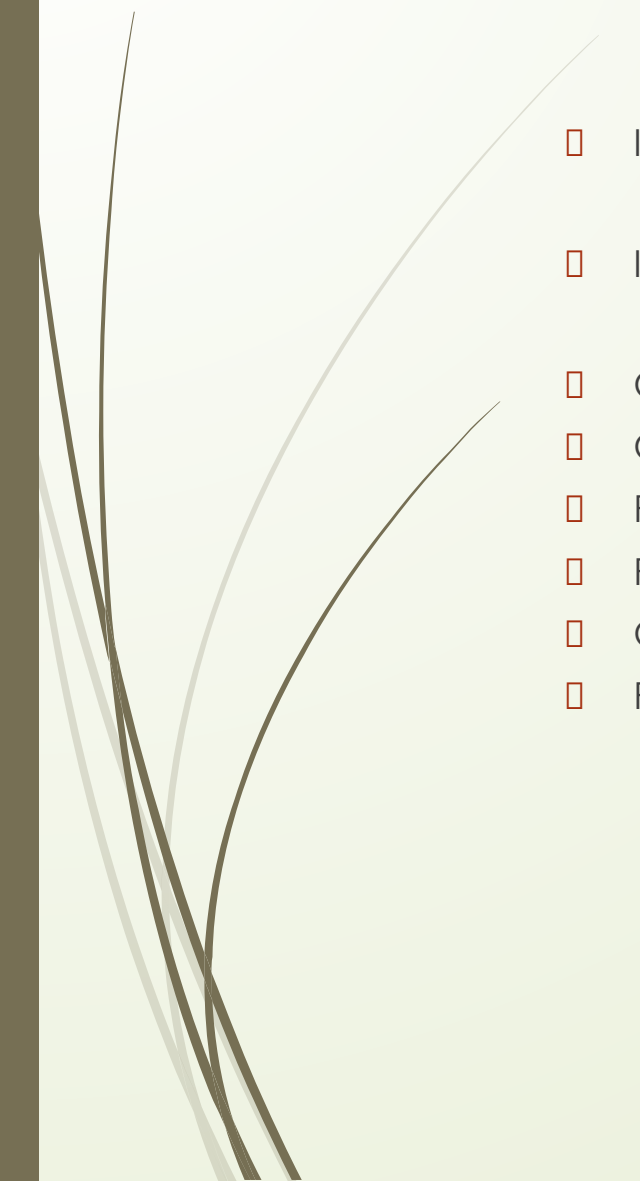

# Who we work with...

- 
- Clients are received by referral from local hospitals such as; Dignity Healthcare, Sutter Hospital, Memorial Hospital, Doctors Hospital and Emanuel Hospital.
  - Additionally, we receive referrals for multiple healthcare providers; recuperative care facilities, nursing facilities; physician groups and other sources.

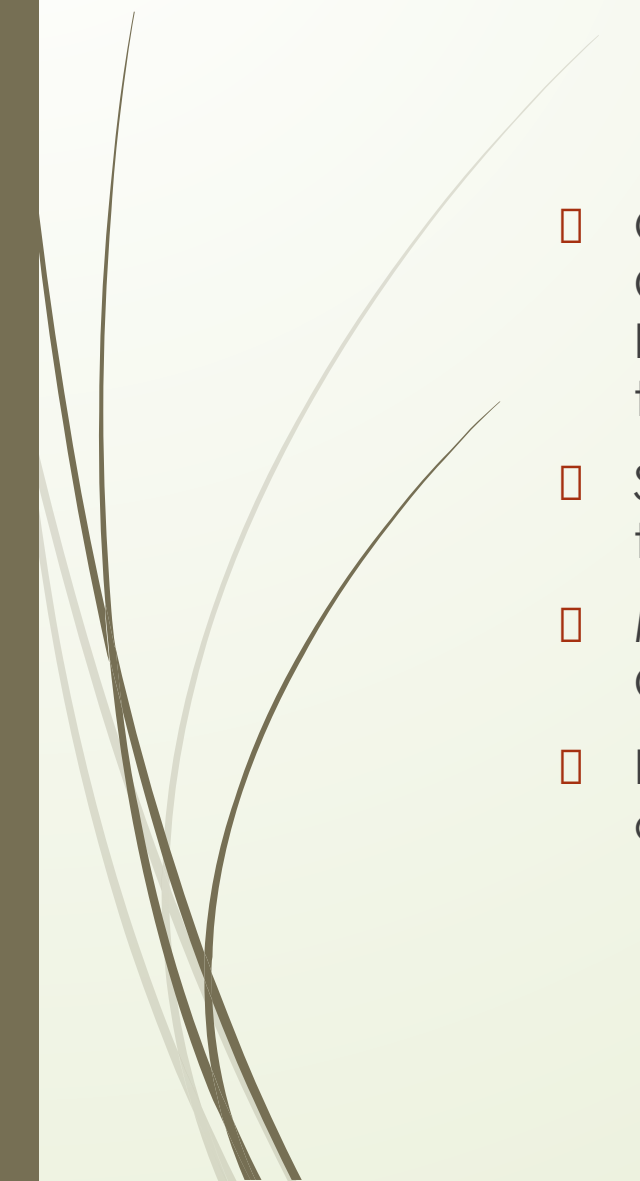

# Typical services we provided...

- 
- ☐ Income assessment
    - ☐ Assistance with SSI and SSDI
  - ☐ Insurance assessment
    - ☐ Assistance with securing insurance
  - ☐ Connection to primary care and specialist physicians
  - ☐ Connection to pharmacy services and vaccines
  - ☐ Perform mental health assessments and connect to services
  - ☐ Provide assistance with CA Identification, SSI cards, birth certificates etc.
  - ☐ Continuous monitoring of client medication, vitals, nutrition, physical health and recuperation.
  - ☐ Provision of housing services with vouchers, HDAP, SLE or Bridge housing.

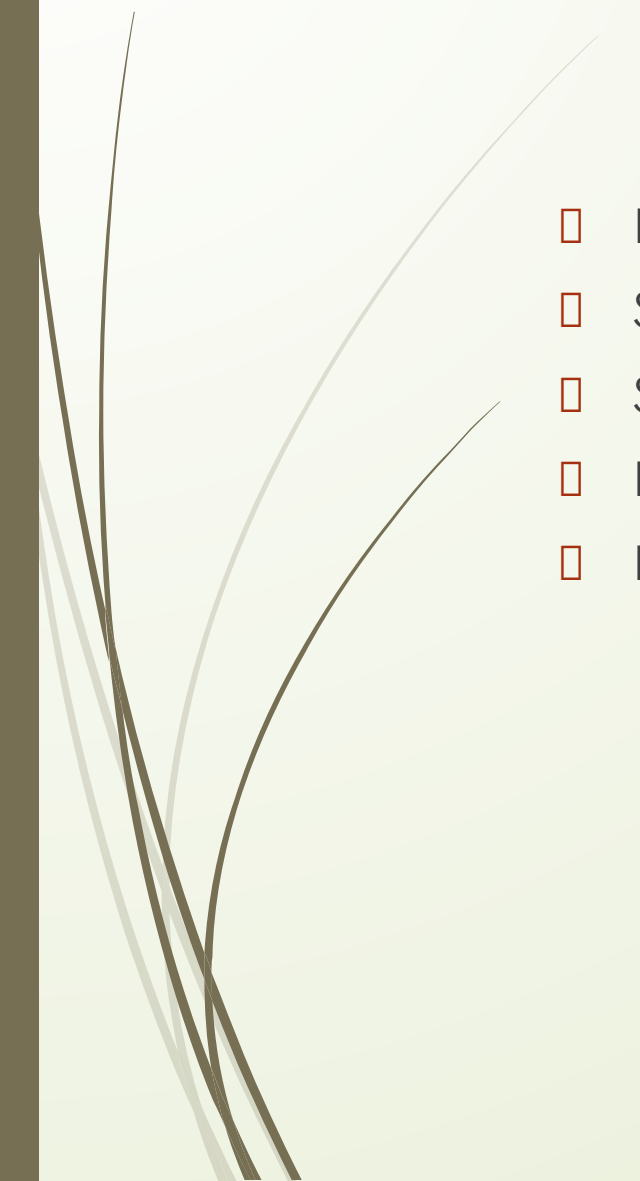

# Transition to Community Support...

- 
- On August 1<sup>st</sup> , 2021 Hope Respite Care began working in partnership with Central California Alliance for Health (CCHAH) on Recuperative Care Respite Program. This pilot was to be for two years but after one year the RCP was transitioned to CalAIM.
  - Since the pilot program had gone so well it was an easy decision to move to CS/ECM Provider.
  - Much of what we were doing already were the same functions under the CS/ECM functions.
  - Reporting and tracking changed, and some items were designated as different components.

# Services we provide as Community Support...

- 
- ❑ Recuperative Care (Medical Respite)
  - ❑ Short-Term Post-Hospitalization Housing
  - ❑ Sobering Center Services
  - ❑ Housing Transition Navigation Services
  - ❑ Housing Deposits

# Services provided by MCRM - ECM Services...

- ❑ Individuals experiencing homelessness through outreach, housing and case management services
- ❑ Adults who are high utilizers of avoidable emergency services connecting to respite services.
- ❑ Adults with substance use disorder
- ❑ Adults who are incarcerated and transitioning to the community – through housing and recovery programs

# Lessons Learned...

- 
- ❑ Tracking and documentation will be robust so develop good means of tracking data. Create spreadsheets to assist with maintaining information.
  - ❑ Personal interaction with clients is a key to success and acceptance of healthy lifestyle choices.
  - ❑ Develop relationships with providers and services to help with appointments and client needs.
  - ❑ Continue growing your organization through outreach to organizations and businesses that refer to you.
