NOTES

* These data points are considered statistically unstable due to low sample size and are provided for discussion purposes only.

- U.S. Census Bureau, [Community Facts: 2018 Population Estimate](#), July 2018.
- 2017 California Health Interview Survey.
- Insure the Uninsured Project, [2019 County Medically Indigent Programs](#), March 2019. Historically, county indigent care programs have been grouped into one of four models: (1) Provider counties deliver services to medically indigent (MI) residents through county- owned and operated hospitals and clinics; (2) Payer counties contract for services or reimburse private providers in the community; (3) Hybrid counties operate public clinics, but not public hospitals, and contract with private hospitals in the county; and (4) County Medical Services Program administers the MI program for 35 mostly smaller, rural counties.
- Covered California, [December 2018 Active Member Profile \(Preliminary\)](#), April 2019. Plan enrollment numbers shown only for qualified health plans offered in that county.
- California Department of Health Care Services (DHCS), [County Certified Eligibles as of November 2018](#), March 2019.
- In the Two-Plan Model, one county-organized local initiative public health plan and a commercial plan deliver most Medi-Cal services in the county. A County Organized Health System (COHS) is a county-wide, public health plan originally organized by the county to serve all Medi-Cal beneficiaries. In the Regional Model, at least two commercial plans provide most Medi-Cal services in 20 primarily rural counties. In the Geographic Managed Care Model, the state chooses multiple commercial plans to deliver most Medi-Cal services in the county.

About ITUP

Insure the Uninsured Project (ITUP) is a Sacramento-based nonprofit health policy institute that for more than two decades has provided expert analysis and facilitated convenings for California policymakers and decisionmakers focused on health reform.

The mission of ITUP is to promote innovative and workable policy solutions that expand health care access and improve the health of Californians, through policy-focused research and broad-based stakeholder engagement.

ITUP is generously supported by the following funders:

- California Community Foundation
- California Health Care Foundation
- Kaiser Permanente
- The California Endowment
- The California Wellness Foundation
