

# San Diego Regional Workgroup

*Region Counties: San Diego, Imperial*

**May 13, 2021**  
**2:00 p.m. – 4:00 p.m.**

## **AGENDA**

- 2:00 p.m.    **Introductions and Agenda Overview**
- 2:10 p.m.    **State and Federal Updates**
- 2:30 p.m.    **COVID-19 Recovery: What Should a Post-Pandemic Health System Look Like?**

*Discussion:*

1. What have been the challenges or successes in the vaccine roll-out and implementation? How did the coordination compare to the COVID-19 testing collaboration we discussed last year?
2. How have communities disproportionately impacted by the pandemic, including people with low incomes and people of color, been prioritized/not prioritized during the vaccine roll-out and other COVID-19 responses?
3. After a year of the pandemic, and a clearer path towards COVID-19 recovery ahead of us, what are the policy changes you'd like to see at the state level to improve the California health care system?
4. What are your main concerns and fears about the public health and health care system beyond the pandemic?
5. A part of post-pandemic delivery system transformation can be addressed in the revised CalAIM proposal. What are the challenges in the community that you want CalAIM to address?

3:50 p.m.    **Takeaways and Wrap-Up**

4:00 p.m.    **Adjourn**

**Insure the Uninsured Project is generously supported by:**  
California Community Foundation | The California Endowment  
California Health Care Foundation | The California Wellness Foundation
