

ITUP 26<sup>th</sup> Annual Conference

## **CALIFORNIA DISRUPTED**

Grounding Health in  
Equity and Community

Virtual Conference, February 7-9, 2022

## ITUP 26th Annual Conference Fellowship

ITUP is committed to ensuring that the information and resources shared during this year's conference are accessible to all our attendees. In line with our commitment to Health Equity, we recognize that organizations and individuals focused on marginalized people including the LGBTQ+ community, Disability community, and Black, Indigenous, and People of Color (BIPOC) experience unjust funding disparities and significant wealth gaps.

Consequently, ITUP is offering Non-Profit organizations focused on marginalized communities such as the LGBTQ+, BIPOC, and Disability communities discounted registration through a Conference Fellowship.

Please note: there is a limit of 2 Fellowships per organization. This Fellowship offers \$50 Conference Registration fees in place of the full price for the Pre-Conference and Conference.
