ITUP FACT SHEETS

[Health Coverage Regional Profiles](#): These Coverage at a Glance publications highlight data on the uninsured, as well as state/county enrollment in Employer-Sponsored Insurance, Covered California, Medi-Cal, and Medicare for 2022.

NEW! [ITUP Convenes CalAIM Listening Sessions – Final Takeaways](#): Learn more about the CalAIM initiative and read local insights and additional opportunities to support implementation across the state.

[Medicare and Health for Aging Californians](#): In this easy-to-digest ITUP Fact Sheet, readers will learn about Medicare eligibility, benefits, and enrollment in California. This latest fact sheet also covers the California Master Plan for Aging and how COVID-19 has impacted Medicare beneficiaries.

NEW! [Transformation and Innovation: Advancing Health for California's Older Adults](#): This ITUP fact sheet explains how California is transforming the services and supports available through Medi-Cal for older adults. The fact sheet will explore this through two avenues: California's Master Plan for Aging (MPA), and, more narrowly, through the Department of Health Care Services' CalAIM initiative.

[Broadband for Health Basics](#): In this ITUP Fact Sheet, readers will learn about the digital divide and its impact on health care. This latest fact sheet also covers types of wired broadband network technologies and key broadband definitions.

[Health Information Exchange](#): In this ITUP Fact Sheet readers will learn about the goal of health information exchange (HIE), types of HIE models, and policy considerations for HIE.

[Telehealth and COVID-19](#): In this easy to digest ITUP Fact Sheet, readers will learn more about the telehealth policies put into place during the public health emergency and what considerations stakeholders should contemplate as we move into a post-pandemic environment.

NEW! [Partnering with Community Based Organizations for Better Health](#): This ITUP fact sheet explains the role of Community Based Organizations (CBOs) and describes three service models for CBOs to partner with the health care system. Read key considerations for CBOs and health care system partnerships while learning how CBOs address the social drivers of health.

[Community Health Workers and the Health Care Delivery System:](#) In this ITUP Fact Sheet, readers will learn about community health workers, California communities where CHWs are valuable in closing equity gaps, and key policy considerations and decision points.

[The Intersection and Coordination of Public Health and Health Care in California:](#) This ITUP fact sheet purposefully brings the public health and health care systems together in one publication to explore their different funding sources, separate governance structures, and future opportunities to enhance coordination between the two systems.

[Health Insurance Basics:](#) This ITUP Fact Sheet gives an overview of common sources of health insurance in California. Learn more about who qualifies for, pays for, and regulates these sources of health care coverage in the state.

ITUP POLICY TOOLKITS

[Healthy Aging in California:](#) This ITUP Policy Toolkit combines the wide array of California initiatives and resources that support physical health, independent living, and quality of life for older adults and people living with disabilities.

NEW! [Broadband and Connectivity for Better Health Care:](#) This ITUP Policy Toolkit curates state and federal initiatives and select resources around telehealth, broadband, and connectivity. This resource contains hyperlinks to help navigate between state agency programs and initiatives.

NEW! [Engaging with CalAIM: Quick Links for Community-Based Organizations:](#) This ITUP One-Page Resource features essential information and links to key resources to help community-based organizations (CBOs) engage with CalAIM. It highlights the role of CBOs, available implementation funds, and several opportunities for CBOs to get involved and obtain sustainable Medi-Cal funding through CalAIM.

ITUP BLOGS

[2022 Legislative Bill Round-up:](#) Here is a round-up of some significant health and health-related bills that were signed into law and some that were vetoed (shown in italics). We have grouped them into ITUP's three policy focus areas: health care coverage and access, delivery system transformation, and the future of health.

[Historical Journey of the ACA:](#) ITUP has compiled the following resources on what's at stake for Californians and the nation if the ACA was overturned in California v. Texas on November 10, 2020.

[California's Final 2022-23 Budget](#): This publication highlights key health and human services spending allocations in the FY 2022-23 Budget Act as well as investments that improve health equity and address the social determinants of health.

[Governor's Fiscal Year 2022-23 Budget May Revision](#): This publication highlights key health and human services proposals in the FY 2022-23 May Revision as well as proposals that improve health equity and address the social determinants of health.

[ITUP Blog Series: 2020 Notes from the Field](#): This blog series highlights key findings from the 2020 ITUP regional workgroup discussions on Challenges and Best Practices in Local COVID-19 Responses specific to the pandemic's impact on enrollment and health care coverage.
